Dear Sir:

Please amend the claims as follows. Enclosed with this letter is a marked-up copy of the amended claims.

In the claims:

12

- 26. The method of claim 25, wherein the step of diffusing the fluorine comprises achieving a desired fluorine concentration profile by heating the reservoir.
- 29. The method of claim 25, further comprising the step of collapsing the substrate tube into a preform and drawing an optical fiber from the preform, wherein the step of diffusing comprises drawing the fiber.
- 32. The method of claim 25, further comprising the step of forming a diffusion barrier layer between the cladding and the fluorine reservoir.
- 33. An optical fiber manufactured in accordance with the method of claim 25.
- 34. An optical preform manufactured in accordance with the method of claim 25.
